CUCINA LAROSA'S

## - DINNER MENU -

---

**The Name:** Larry and Rosalie the “La” and “Rosa” in LaRosa’s opened their first restaurant in Winchester center in the 70’s, when Jason and Lisa were little kids. Later, when Jason wanted to open a restaurant of his own, he wanted to honor his parents, follow the tradition and open another LaRosa’s. Eight years ago, Jason opened his first location in Billerica, then moved one year later across the street to where we are today in Wilmington where he stayed for seven years as primarily a takeout location. We now have the capacity to seat more than 100 people in our new location, with a cafe, dining room, function room, bar under construction, and a liquor license currently in process.

**Scratch Kitchen:** Most of our products are made in-house throughout the day. Because of this, when we run out of an item, we may be unable to re-fill it the same day. That is one of the downsides to running a scratch kitchen. Thank you for understanding.

## - ACCOMODATIONS -

---

**Gluten Free:** The majority of our items can be prepared in our dedicated gluten-free section of the kitchen. We have a dedicated fryer, grill, oven, sandwich station and prep area. However, this is in a shared kitchen.

We do not typically offer GF croutons or calzone, but are willing to look into this for catering orders. Meatballs are offered as a special and for catering. Always ask about our soups. Most of them are GF.

**Allergies:** We do not prepare our foods with tree nuts or peanuts. However, we bring breads and other items into the facility that may contain them.

Please be aware that our food may contain or come into contact with common allergens, such as dairy, eggs, wheat, soybeans, tree nuts, peanuts, fish, shellfish

**Inform Your Server or Ask for a Manager:** If you have allergies, please ask your server to flag it in our system, or feel free to discuss with a manager or family member.
